- PWLB Loan & Property Working Group Report – presented by Cllr Mason

On 17 December 2018 Cllrs Mason and Miscandlon together with our Town Clerk and RFO, Mrs Sue Piergianni attended the offices of Swann Edwards, Chartered Architects to receive three tenders for the appointment of main contractor to carry out extension building works and refurbishments on the new Whittlesey Town Council Offices and accommodation in Queen Street.

The original bids received amounted to £450,000, £411,681 and £339,513 respectively.

After consultation with our agents the Property Working Group requested that an approach be made to the lowest bidder, NB Construction to negotiate a lower price for the project without detriment to the original specification to conform with a budget of £250,000.

This consultation resulted a lower bid of £255,000 being submitted by NB Construction and at a private meeting of Whittlesey Town Council on 15 January 2019 and having informed the Town Council of all the circumstances agreement was reached to award the contract to NB Construction.

At a subsequent meeting of the Property Working Group, Swann Edwards and NB Construction on 28 January 2019 detailed discussions involving reductions in costs facilitated by not replacing certain doors, removal of proposed skylights to the council chamber, reduction of LED lighting, savings on alternative...
flooring, not removing the existing reception counter to the clerk’s office, omission of tumble driers and washing machines now provided by others and the omission of electrical charging points which can be accessed separately through grants provided a final figure from NB Construction of £260,066.35. This included retention of contingency sums of £29,000, all of which are not likely to be used.

On this basis NB Construction have been given instructions to proceed and are currently aiming to commence in March 2019 on a twelve-week programme of works anticipating handover of the premises in June 2019.

Request is therefore made that these arrangements be formally adopted and finances by an extension to our Public Works Loan application in accordance with the costs provided by the Finance & Policy Committee and in accordance with the provisions laid down by the Local Government Finance Department of the Ministry of Housing, Communities and Local Government.

* Equity based on contribution compared with project cost - project value may be greater or less than cost

Cllr Bristow abstained from any discussions and vote on this item.

It was resolved to seek the approval of the Secretary of State for Housing, Communities and Local Government to apply for a PWLB load of £85,000 up to 20 years to increase the footprint of the building and make a purpose-built council chamber that will have toilets, kitchen facilities etc and can be used standalone by members of the community. Planning permission was applied for and has been granted by Fenland District council. The property comes with 2 x 3-bedroom flats, we have been approached by central government and asked to house two families of Syrian Refugees under the government scheme with a guaranteed rental for five years, totalling 75k. The Annual Loan repayments will be approximately £8,000 based on 3% interest, however we are confident that a lower rate of interest will be achieved. This is based on obtaining a loan of 85k. It is not intended to increase the council tax precept for the purpose of the loan repayments.

This was proposed by Cllr Dorling, seconded by Cllr Miscandlon, with 11 in favour and 1 abstention.

Dave Mason - Annual General Meeting of Whittlesey Emergency Food Aid

Cllr Mason recently attended the Annual General Meeting of Whittlesey Emergency Food Aid where he was re-elected as Chairman with Brian Smithyman re-elected as Secretary and Sue Jennings as Treasurer.

The meeting reflected on a very successful year and recorded thanks to the community of Whittlesey for their support throughout the year and to Mrs Jenny Whiteman for taking over the responsibility of the Food Aid allotment.

In Christmas week WEFA were privileged to be able to assist in the compilation of Christmas hampers for 40 families in the Whittlesey area and villages. Grateful thanks were extended to Morrisons who supplied the Christmas Turkeys, Aldi for fresh vegetables, Deborah Sllator and the Whittlesey Ladies Tangent Group who provided a toy for each child according to age and gender, to Whittlesey Christian Church who throughout the year have allowed their premises to be used as a regular Foodbank and to the many individuals and organisations locally who donated goods and money to enable so many families to experience a Christmas that they may not otherwise have enjoyed.

WEFA have again been nominated for an award at the forthcoming Pride in Fenland Awards to be held in Wisbech St Mary Community Centre on 6 March 2019 where two years ago they were successful in receiving the Judges Outstanding Achievement Award. The Bower Whittlesey – Cllr Mason
The Town Clerk and Cllr Mason this week attended a site meeting at The Bower to assess along with representatives of Middle Level Commissioners and Cambridgeshire County Council damage to the footpath and river bank in various places along the western stretch between Briggate West and Ashline Lock.

The Middle Level Commissioners have agreed a plan of work to shore up certain vulnerable parts of the bank as soon as possible. In the meantime, Cambridgeshire County Council will make recommendations to the Community Payback Team that labour be made available to extend the width of the footpath in places where soil has eroded part of the footpath thus encouraging the public to walk further away from the river bank than at present.

Fenland District Council have been contacted by the Middle Level Commissioners offering to trim back thorn bushes on FDC land at the expense of Middle Level Commissioners in certain areas adjoining the footpath to afford further unhindered access.

It is anticipated that all works can be carried out in the immediate future.

Following on the concerns expressed by Mrs Lynda Day in the Public Forum of December’s council meeting about the safety of pedestrians and children in the vicinity of Park Lane Primary School I have held site meetings with both Mrs Day and Les Middleton, Highways Engineer of Cambridgeshire County Council to experience the problems first hand when children and parents leave the school in the afternoon and access their family vehicles in the area of Boyce Close and Love Lane.

Due to the request of our main contractors that they be allowed free access on site to carry out necessary building works and refurbishment commencing in March over a planned twelve-week period a date for resettlement of the families was agreed for July 2019.

This would allow a period of acclimatisation for the children before they start schooling at the start of the new academic year in September. Arrangements are in hand for additional ESOL training through Whittlesey Christian Church and offers of employment have been made by a Whittlesey Event Management company.

Donations of furniture and household equipment from the local community have been overwhelming. As a result, CllrMiscandlon and I will shortly be undertaking a full inventory of items already donated to match up with pledges of further donations from various sources.
